

SFF Symposium
Poster Update – June 28, 2016

Poster stands will be set up on the south end of Salon C of the AT&T Conference Center (the plenary meeting room) and will be available starting Tuesday morning, August 9. Please have your poster hung before the 4:00 PM poster session starts on Tuesday. There will be a session of talks running in Salon C all day Tuesday. The best times then to hang the posters will be on Tuesday before the 8:00 AM parallel sessions start, during the morning break (9:55-10:25 AM) or during the lunch break (11:55 AM-1:30 PM). If you intend to put up your poster during a session, please work quietly so as not to disturb the session.

The stands (see photo) are “”-frame configurations, designed to hold a poster that is 42 inches tall. [Ignore the cart behind the poster stand in the photo.] The maximum width is 72 inches. Poster edges will be attached to the frames with large clips which we will provide. Therefore, it is not possible to use, for example, loose letter sized sheets or A4 sized sheets, as there is no way to attach them.

At the end of the poster session (5:00 PM Tuesday), you must remove your poster if you want to keep it. The stands will be removed from Salon C Tuesday evening.
